

Common EU-LatAm Future Internet Strategic Research Agenda

[Latin America, 09.08.2011]

FIRST partner ALETI announces the beginning of the EU-LatAm Strategic Research Agenda process. This agenda covers the common topics of both continents in a regional level.

The whole process is validated by a Group of Experts from diverse entities: European Technology Platforms, Latin American Technology Platforms, Latin American governmental sectors, European Commission and key LatAm organizations, among others.

If you are interested in participating in this process, you can send your request to ALETI, the regional coordinator of FIRST: rpp@aleti.org.
